What is FOLKLORING?

This is a folklore trip that has something for everyone – dance workshops, singing classes, sightseeing, hiking, cooking, weaving – you name it!

This year FOLKLORING will concentrate on the area of North-West Bulgaria. We will have numerous folk dance and song workshops with the people from the villages around the border of Serbia and visit many beautiful places, monasteries, have picnics and parties and above all – good times!

Let us take you to where Bulgarian folklore still lives!

Our goal is to give everyone who is enchanted with traditional Bulgarian music and dance the opportunity to learn from original source presenters – people showing music and dance from their own native areas. Live the Bulgarian spirit by meeting local people who will teach you their traditional ways!
